SUSTAINABILITY  
IS  
SO CHIC !

The architecture of FLEUR DE LUNE is open to nature:

Young trees and bamboos share the living space with you around the central basin.

The decoration, studied with care, highlights the repurposed furniture which the surrounding luxury villas and hotels left behind far too soon....

Immerse yourself into a Caribbean atmosphere, in a setting that tastefully combines sobriety and elegance.

## A FRESH START

Previously a guest house, Fleur de Lune was completely renovated after Hurricane Irma in 2017 to become a 4\* Eco Resort.

The Green Key Label came in 2019 to reward Maryse and her team for their dedicated work to reduce the building's environmental impact and for the outstanding hospitality they reserve to their guests.

Conviviality & authenticity are the Hotel's core and brand values.

Your hosts will introduce you to the island's environmental particularities, local customs and advise you on "must see" sites.

The architecture, the central Gourmet Chef table, the warm welcome, everything is done to encourage conviviality.

Travelers arrive at FLEUR DE LUNE as guests, and leave as friends!

## CUSTOMER TESTIMONIAL

*Marie and her husband are great hosts and were a pleasure to talk to them. The atmosphere is very relaxed, and the suites are very nice. Eco-chic with open spaces and beautiful flowers*

Lukas | U.S.A. | 2019

*Coming from a globetrotter who travels 5-6 times a year, this was an amazing bed and breakfast experience. Katherine and Maryse were so welcoming and helped make us feel at home (...). Keep in mind you will have to rent a car to go see all the beaches, restaurants, clubs. Make sure to do the Sunset Cruise they offer on their private catamaran*

Traveltheworld26 | 2019

*This is the third time we visited St Bart's and stayed at Fleur de Lune each time. A real hidden gem. Extremely welcoming owner and staff. Perfect location, close to one of the nicest secluded beaches on the island and walking distance to 3 great restaurants*
