l'hôtel

The new Le Sereno debuts a fresh look and new amenities, including all-new suites, restaurant, spa and wellness facilities featuring exclusively curated Valmont treatments, and on-site retail boutique with the finest French and Italian designer labels. This has carefully been completed in the same signature style of relaxed luxury following a complete property rebuild after Hurricane Irma in 2017.

Le Sereno retains its iconic hotel status with a devoted guest following, and has long beckoned travelers for its contemporary design and understated luxury service.

The intimate beachfront property with 39 suites and three spacious villas is located on the ultra-private crystal-clear waters of the coveted Grand Cul De Sac in St. Barths.

A tropical resort scene featuring a long, narrow infinity pool in the foreground. The pool is surrounded by a light-colored deck with several lounge chairs. In the background, there are several tall palm trees and a smaller, rounded tree. The ocean is visible beyond the pool, with waves breaking in the distance. The sky is blue with scattered white clouds. The overall atmosphere is serene and luxurious.

le restaurant

Ristorante Al Mare unveils a fully open-air concept, toes-in-the-sand dining with a beachfront extension adjacent to the main restaurant, and 180 degree views of the iconic Grand Cul De Sac.

Executive Chef Raffaele Lenzi is joined by the talented Chef Davide Mosca, who come to St. Barth's from Le Sereno's sister property, Il Sereno Lago di Como.

Chef Lenzi's new menu at Ristorante al Mare will redefine the Caribbean dining experience and focus on fresh, local ingredients expertly crafted into simple, delicious, contemporary Italian cuisine best enjoyed beachside.
